

THE *benefits* HUB

Release Notes

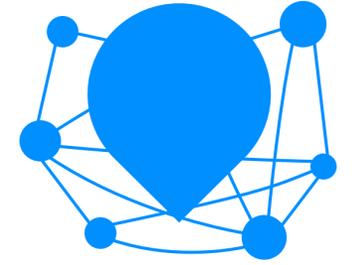

5.5.8
October 2018

We are pleased to announce **THEbenefitsHUB** 5.5.8 system update. With this update, you'll find improvements to several key functions of the system. We encourage you to continue providing us with your experiences as we improve our services.

NEW FEATURE

Demo ESOI Platform

Now the Sales team may utilize a Demo ESOI Platform to introduce the feature to potential clients.

Figure 1.1

PREACKNOWLEDGEMENTS

Thank you for choosing Hubster for your benefit needs! Elections exceeding the Guarantee Issue amount require a Statement of Insurability (SOI) before approval is granted. The following pages will walk you through the SOI electronically.

Please answer the questions below as truthfully and accurately as you can. The insurer will use these answers as a basis for determining approval for your elected coverage. You are required to answer the questions below for your spouse and dependents as applicable.

Hubster ESOI Integration

Please review and acknowledge the following information before continuing your electronic Statement of Insurability.

Authorization and Acknowledgement

I/we authorize anyone to get any information needed to determine eligibility on any coverage I/we are electing into.

These answers and information are true to the best of the undersigned's knowledge.

Require Address Eligibility

Benefits Technology is proud to introduce a new eligibility requirement: Require Address Eligibility. This requires that the following is entered in order for the employee to be eligible for the benefit:

- Address Line 1
- City
- State
- Zip Code

If the employee is not eligible, the Eligibility Report will display similar to Figure 4.1.

Figure 4.1

Dental - Dental Plan - [2018] [1259681]	1/1/2018 to 12/31/2018	11/1/2018	No	No	No	The following demographic eligibility requirements are not fully met: Value for Mailing Address (residential) is required. Value for City (residential) is required. Value for State (residential) is required. Value for Zip Code (residential) is required.
